

Single tube sealing machine

GRISOTUB E

The single tube welding appliance seals plastic-
and/or laminated tubes within seconds

GRISOTEC

FILLING AND CLOSING TECHNIC

Single tube sealing machine

GRISOTUB E

The GRISOTUB E is the ideal appliance when you have to seal only few or small series of plastic and laminated tubes. This machine is suitable especially in laboratories of chemical, pharmaceutical, cosmetic and foodstuff industries as well as used for the small lot production in cosmetic institutes, drug stores or pharmacies.

WORKING METHOD OF GRISOTUB E

The GRISOTUB E is to operate very easy:

After adjustment of the height accordingly the tube length and the sealing time – depends on material and wall thickness of the tube – you insert the tube, pull down the hand lever for pressing and wait until the sealing and cooling time has terminated. The plastic or laminated tube is now perfectly closed.

TECHNICAL DATA

Dimensions	<ul style="list-style-type: none">• width 120mm• depth 260mm• height 340mm
Weight	<ul style="list-style-type: none">• approx. 4,8kg
Tube dimensions	<ul style="list-style-type: none">• length 25 - 250mm• tubeØ 10 - 60mm
Output	<ul style="list-style-type: none">• until 240 tubes per hour
Connection values	<ul style="list-style-type: none">• electrical 1x230 VAC or 1x115 VAC, 50/60 Hz
